

Learning Outcome	LO 1, 2, 3, 4, 5, 6, 8, 9
------------------	---------------------------

## Level 3 Reading Practice Unit 2, Lesson B

1. Read **paragraphs A-G**. From the following headings 1-7 choose a suitable title for each paragraph. An example has been given for you.

Headings	Paragraphs
Creative innovations: Transforming lives in Developing Communities	Example A = 1
1. The Struggle for Clean Water in Developing Regions.	B=
2. Innovative Healthcare Solutions for Resource-Scarce Areas.	C=
3. Addressing the Challenge of Low-Birthweight Babies.	D=
4. Transforming Medical Tests with Sindi's Health Tool.	E=
5. A Breakthrough in Water Transportation in Developing Countries.	F=
6. Transforming Child Care with the Embrace Baby Warmer.	G=

Read **paragraphs A-G**. Do the following statements agree with the information given in the Reading Passage?

**TRUE (T)** if the statement agrees with the information  
**FALSE (F)** if the statement contradicts the information  
**NOT GIVEN (NG)** if there is no information on this

7. Simple innovative ideas are making a significant impact on the lives of people in developing countries.
8. The Q Drum is composed of a delicate glass material that is prone to easy breakage.
9. The Q Drum is a rolling container designed to hold 13 gallons of water.
10. Health detectors are easily accessible in pharmacies and health centers.
11. Hayat Sindi's health detector is about the size of a standard sheet of paper.

Learning Outcome	LO 1, 2, 3, 4, 5, 6, 8, 9
------------------	---------------------------

Write no more than THREE WORDS AND/OR A NUMBER for each answer. Write the answer in the correct space on your answer sheet.

12. How many babies have been saved by the Embrace Infant Warmer ?

---

13. Who invented the Q Drum?

---

14. What is the function of Hayat Sindi's health detector?

---

Complete the text below with words or a number from the box. The items are from the passage. Choose NO MORE THAN ONE WORD from the passage for each answer. There are three extra words

(container, innovations, identify, store, device, benefit, valuable, indicate)

In developing countries, carrying heavy containers to get water, often making multiple trips each day, is particularly challenging, especially for women and children. This is where 15) \_\_\_\_\_ like the Q Drum come into play. The Q Drum, a rolling water 16) \_\_\_\_\_, provides a practical solution for communities struggling to access clean water. It can 17) \_\_\_\_\_ up to 13 gallons of water, offering a much-needed relief to individuals in these regions. The effort required to transport clean water is reduced, resulting in greater 18) \_\_\_\_\_ for those in need. The Q Drum's durability and practicality make it a 19) \_\_\_\_\_ addition by ensuring access to clean and safe drinking water.
