## Read

**A** Before you read, look at the headings. What do you think the text is about? Circle one answer.

I think it's about **words** / **math** / **colors**.

**B** Read the text. Were you right?

# Numbers Every Day

## Counting

We count things every day. When we need four friends to play a game, we count: 1, 2, 3, 4.

When we see lots of things, we count by twos. If we see lots of frogs in a pond, we can count fast: 2, 4, 6, 8, 10 frogs!

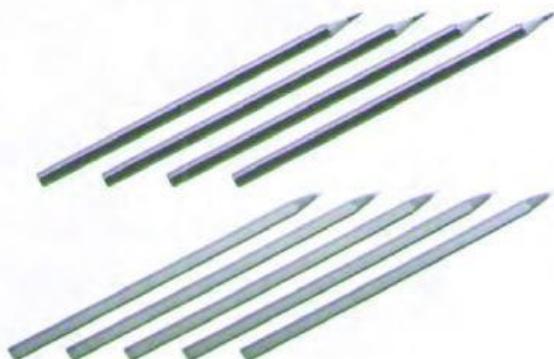

## Odd and Even

Numbers are odd or even. Look:

*I have four black pencils and you have five white pencils.*

Which number is even? Four is even.

Which number is odd? Five is odd.

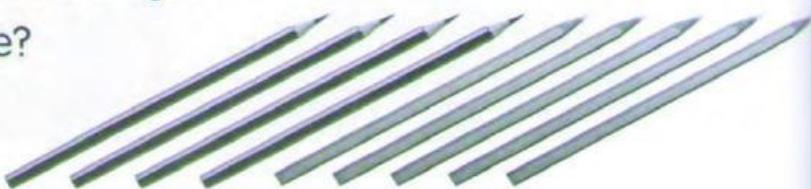

## Addition

We use addition every day, too. Look again.

How many pencils do we have?

Let's use addition:  $4 + 5 = 9$

*We have nine pencils.*
