I moved to this area when I got a job here a year or so ago and think it's a great place, but it has lots of potential to get even better. I cycle whenever I can rather than taking my car. That's partly to help the environment but also because it's so much quicker than using public transport. Hardly any buses come close to where I live these days so I just don't bother. Anyway, I've noticed that the state of most of the streets here is shameful. I almost fell off my bike the other day after I hit a huge hole. Something really needs to be done about it. I must say that I've never been short of things to do here – there's a cinema, leisure centre, theatre and even an ice rink. However, I wish the council would provide more bins and employ more people to pick up all the rubbish that people throw away.
