

# NIRVANA

Nirvana was an American rock band formed in Aberdeen, Washington, in 1987. Founded by lead singer and guitarist Kurt Cobain and bassist Krist Novoselic, the band went through a succession of drummers, most notably Chad Channing, before recruiting Dave Grohl in 1990. Nirvana's success popularized alternative rock, and they were often referenced as the figurehead band of Generation X. Despite a short mainstream career spanning only three years, their music maintains a popular following and continues to influence modern rock culture.

In the late 1980s, Nirvana established itself as part of the Seattle grunge scene, releasing its first album, *Bleach*, for the independent record label Sub Pop in 1989. They developed a sound that relied on dynamic contrasts, often between quiet verses and loud, heavy choruses. After signing to the major label DGC Records in 1991, Nirvana found unexpected mainstream success with "Smells Like Teen Spirit", the first single from their landmark second album *Nevermind* (1991). A cultural phenomenon of the 1990s, *Nevermind* was certified Diamond by the Recording Industry Association of America (RIAA) and is credited for ending the dominance of hair metal.

Where do bad folks go when they \_\_\_\_\_?

They don't go to heaven where the angels

People \_\_\_\_\_ and people moan

\_\_\_\_\_

Look for a \_\_\_\_\_ place to call their home

Go to a lake of \_\_\_\_\_ and \_\_\_\_\_

\_\_\_\_\_ to find some place to rest their bones

See 'em again 'til the Fourth of \_\_\_\_\_

While the angels and the devils try to make 'em their own

I knew a lady who came from Duluth

Where do bad folks go when they \_\_\_\_\_?

Bitten \_\_\_\_\_ a dog with a rabid tooth

They don't go to heaven where the angels

She went to her grave just a little too soon

\_\_\_\_\_

Flew away howling on the yellow moon

Go to a lake of \_\_\_\_\_ and \_\_\_\_\_

Where do bad folks go when they \_\_\_\_\_?

They don't go to heaven where the angels
