The bird who said 'thank you'

we were having a picnic. Suddenly, we heard a very unusual sound. they found a bird It was weak and unhappy. Its feathers were untidy. We thought it wanted food. We put some water on a spoon and some cheese on a plate and put it under the tree. It ate the cheese in three big bites. After a couple of minutes, it shook its feathers, gave a big 'squawk' (maybe the bird said 'thank you') and flew away.
