

## A Little Time Lyrics - Beautiful South

I need a little time,  
To think it over,  
I need a little space,  
Just on my own  
I need a little time  
To find my freedom  
I need a little time.....

Funny how quick the milk turns sour, \_\_\_\_\_, \_\_\_\_\_?  
Your face has been looking like that for hours, \_\_\_\_\_, \_\_\_\_\_?  
Promises, promises turn to dust  
Wedding bells just turn to rust  
Trust into mis-trust

I need a little room  
To find myself  
I need a little space  
To work it out  
I need a little room  
All alone  
I need a little time.

Need a little room for your big head, \_\_\_\_\_, \_\_\_\_\_?  
Need a little space for a thousand beds, \_\_\_\_\_, \_\_\_\_\_?  
Lips that promise feel the worst  
Tongue so sharp the bubble bursts  
Just into un-just

I had a little time  
To find the truth  
I had a little room  
To check what's wrong  
I need a little time  
I still love you  
I need a little time

Had a little time and you had a little fun, \_\_\_\_\_, \_\_\_\_\_?  
Well you had yours do you think I had none, \_\_\_\_\_, \_\_\_\_\_?  
The freedom that you wanted so bad  
Is yours for good, I hope your glad  
Sad into un-sad

I had a little time  
To think it over  
Had a little room  
To work it out  
I found a little courage  
To call it off

I had a little time x4
