## Beginning Middle End Leah Nobel

Sometimes, you get what you've been wishing for
And most, it's not on your deadline, but that's alright
I was worn out and jaded from trying on
people to
But fit so well
When they ask why, I can explain
But a symphony played when you told me
your
And I took that as a
Will you be my beginning, my, my,
Will you be my beginning, my, my,
Will you be my beginning, my, my
?
Will you be mine?
Mmm, mmm
Sometimes, it's hard to see what the
future holds
future holds And most, it feels like a steep climb,
future holds And most, it feels like a steep climb, and that's alright
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small gestures of
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small gestures of
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small gestures of And the way they all add up
future holds And most, it feels like a steep climb, and that's alright There's magic in details, the tender small gestures of And the way they all add up When they ask why, I can never explain

Fifty years later, and I'm still your beginning and and
