

**Instructions: think of activities you used to do when you were younger and write the word in the blanks. Think smart to relate the song lyrics to your activities.**

**Used to by Daughtry**

[Verse 1]

You used to (talk)to me like  
I was the only one around  
You used to (lean) on me  
The only other choice was falling down  
You used to (walk) with me like  
We had nowhere we needed to go  
Nice and slow  
To no place in particular

[Chorus]

We used to (have) this figured out  
We used to (breathe) without a doubt  
When nights were clear, you were the first star that I'd see  
We used to (have) this under control  
We never thought  
We used to (know)  
At least there's you, and at least there's me  
Can we get this back?  
Can we get this back to how it used to be?

[Verse 2]

I used to (reach)you when  
I got lost along the way  
I used to (listen)  
You always had just the right thing to say  
I used to (follow) you  
Never really cared where we would go  
Fast or slow  
To anywhere at all
