

## II. WHAT DO YOU NEED TO KNOW

Functions of the external body parts of the animals found at home or in school are important. Read the dialogue of a cat, dog, bird, chicken and fish.

I am a cat. I use my legs for walking and running. My paws are for climbing and grooming.

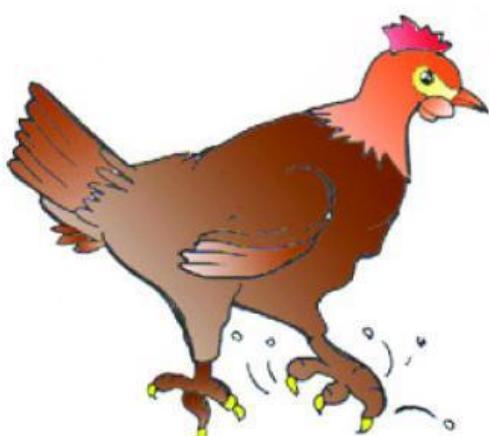

I am a dog. I use my tail for communication. My legs are for running and walking.

I am a bird . I use my wings to fly. My beak is for getting food. My feathers help to keep me warm. I use my tail to change direction and for balancing.

I am a chicken. I have claws for scratching the ground for food. My beak is for getting food.

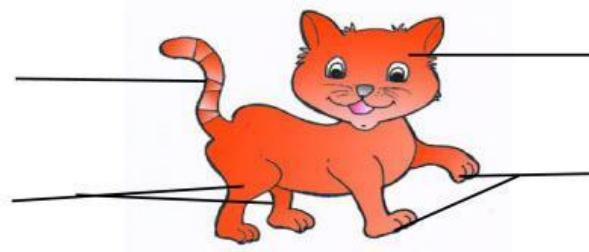

I am a fish, I use my fins for swimming and my gills help me to breathe. My scales cover and protect my body.

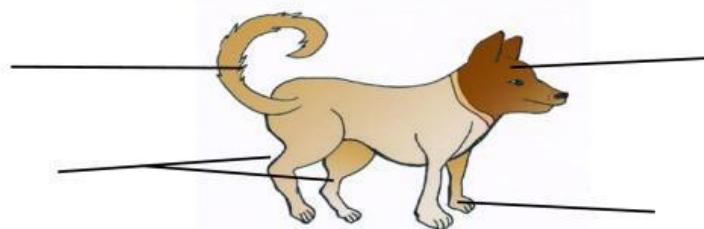

## PRE TEST

1. Label the parts of the cat.

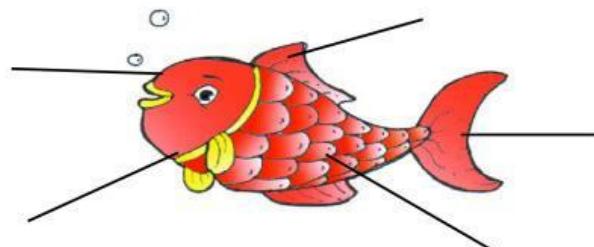

paws  
legs  
tail  
head

2. Label the parts of the dog.

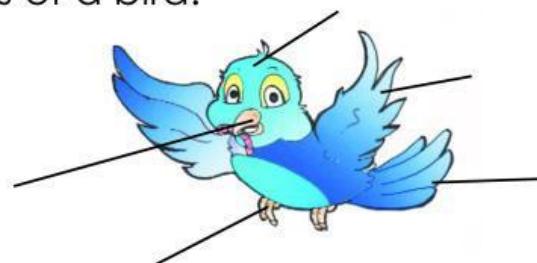

paw  
legs  
tail  
head
