

Read and find the plans of Jessica's, Nicholas's and Allen's house.

1 There are five rooms in my house: two bedrooms, a kitchen, a living room and a bathroom.

Jessica

2 There are four rooms in my house: two bedrooms, a kitchen and a bathroom.

Nicholas

3 There are seven rooms in my house: three bedrooms, a living room, a kitchen and two bathrooms.

Allen

Which one is Peter's new house ?

Ellen: Hi, Peter. How is your new house?

Peter: Great! It's a lovely house. I love it !

Ellen: Is it a big house ?

Peter: Well, there's a living room, a dining room, a kitchen, two bedrooms and two bathrooms. And there are lots of windows, so it's very sunny. The only inconvenient is that I must share my bedroom with my sister.

Ellen: Sounds great! Is there a garage? And a guest room ?

Peter: No, there isn't a guest room. Our guests can sleep in the living-room on the convertible sofa. But there is a garage and there's a pool, too. And a balcony!

Ellen: Wow! When can I visit?

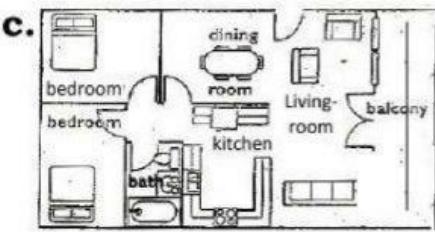

a.

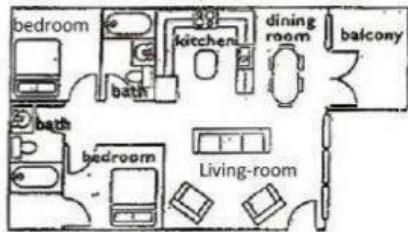

b.

c.

d.

Read the text and label the rooms.

FLAT TO LET

There are four rooms in the flat and a hall. The hall is room D. There's a small table in the hall.

Room E is the living room. There's a sofa here and there are two armchairs, too. The television is here.

Room B is the bathroom. There isn't a bath here, but there's a big shower. There's a toilet and a washbasin, too.

Room A is the kitchen. There are lots of cupboards here. There's a fridge, a sink and a cooker.

Room C is the bedroom. There are two beds here. There's a big wardrobe, and a chest of drawers.
