Unit 2: Exercise 4

Listen to an estate agent describing a house. Complete the notes. Choose the correct option for each answer.

This is a large detached house in a quiet street close to the centre of the village. You can walk to schools and shops, and the train station is only one and a half kilometres away. Last year, there was some building work which made the study and the dining room bigger, and the owners made the attic into an extra bedroom, so the total area of the house is now about 150 square metres; before it was only 120 square metres. The house has four bedrooms so it's a good size for a family with children. The largest bedroom has a private bathroom. One of the other bedrooms has a private shower room and the other two bedrooms have lots of cupboards. On the ground floor, apart from the hall, the study and the dining room, there's a lounge, and a very big kitchen. There isn't a large garden at the front of the house, but there's a very pleasant, large, sunny garden at the back of the house where you can have barbecues in the summer. You can get to the garden through glass doors from the lounge. There's no garage, but there's enough space to park two cars on the road at the front of the house. The owners have spent a lot of money on the house over the years and kept it in very good condition, so they're hoping to sell it for about 350,000 euros. I agree, and I think this is a very good price …	 play.MP3
