# Leaves Sudoku

Drag a leaf and put it  
in the correct place of the Sudoku grid.  
Each kind of leaf must appear only once in each row and column.

|                                                                                     |                                                                                     |                                                                                      |                                                                                       |
