NUEVO COLEGIO DEL PRADO

Res. Licencia de Funcionamiento No.305 de Dic.02 de 1994 y Res. No. 00819 de 17 de Abril de 2007.

LET'S PRACTICE!

1. Find the words in the word search.

 Mammals 	M	A	M	M	A	L	S	o	N	D	G	О
• Birds	J	I	L	I	Q	В	I	R	D	S	N	J
	U	A	M	P	Н	I	В	I	A	N	S	L
Amphibians	P	E	v	0	R	E	P	Т	I	L	E	S
 Reptiles 	I	R	F	I	S	Н	E	A	G	S	R	Т
• Fish	G	A	S	N	A	K	E	C	E	О	U	S
 Snake 	E	A	R	Т	w	F	R	0	G	D	N	M
• Frog	R	w	A	Т	0	A	D	Т	I	E	U	R
• Toad	U	M	A	w	Н	A	L	E	0	N	L	Н
 whale 	M	E	R	R	A	Т	I	Т	E	S	R	E

2. Match the word with the definition.

Mammals	Their body is covered with feathers, some do not fly.
	1 1 2
Birds	Viviparous born alive from the womb of the mother.
	m : 1: 1 1 1 m
Amphibians	Their limbs are shaped fins. Their skeleton is the simplest of the vertebrates.
	Section 10 miles and 10 miles a
Reptiles	Their skin is bare and remains moist.
	T1. '. 1'. 1 1 1 1
Fish	Their limbs are shaped legs,

3. Write T if the sentences is True or F	if it is False.					
a. The birds are invertebrates	_					
b. The birds live in the water	_					
c. Birds are oviparous.						
d. Birds are vertebrates.						
Mark an X on the correct answer.						
 According to their feeding animals are a. Aquatic and terrestrial. 	»:					
b. Herbivores, carnivores and omnivo	ores.					
c. Vegetarians and herbivores.						
d. Reptiles, amphibians and birds.						
5. The body of amphibians is:						
a. Covered with feathers.						
b. Bare skin.						
c. Covered with scales.
