Professor Pete's Predictions for 2030

1. Robots will help us in our homes. Will they cook? Yes, they will. They'll also clean and go shopping. But robots won't replace humans.

2. People won't have to think about what to wear. "Smart" clothes _____ tell them if they look good or not.

3. Sleeping machines _____ help us sleep well. We _____ have bad dreams or nightmares. We _____ only have sweet dreams.

4. People _____ drive around the world on superhighways. The superhighways _____ connect the seven continents.

5. Students _____ stay in the classroom all the time. They _____ travel to space for their science class.

6. Schools _____ be open 24 hours a day. _____ students come to school at the same time every day? No, they _____ .

Future with *will* and *won't*

Robots **will** help us. They'**ll** also clean. Robots **won't** replace humans.	**Will** robots cook? **Yes,** they **will**. **No,** they **won't**.

I'll = I will	*he'll = he will*	*we'll = we will*
you'll = you will	*she'll = she will*	*they'll = they will*

won't = will not

LIVEWORKSHEETS

Você acha que alguma previsão feita pelo professor está correta? E seus colegas? Transforme a primeira frase de cada uma das previsões do professor em questões. Depois, pergunte aos colegas usando a questão que você criou.

What do you think? Will robots help us in our homes?

Yes, they will. OR No, they won't.
