4 Read. Is Jon going to be a pilot in the future?

Jon talks to *WOW!* magazine about being a pilot

I've been a pilot for eight years now. When I arrive at the airport, I check the weather forecast and my messages. I also talk to the other pilots who are going to fly with me. There are usually three pilots on long flights, so everyone can have a break.

I've flown everywhere, but I usually fly to Rio de Janeiro. I leave Toronto in the cold, dark winter and arrive in Rio where it's a bright summer day! I'm shoveling snow outside my house one day and the next day I'm sitting on the beach or watching people pick fruit. I love the seasons!

It's a short drive on the highway to my hotel in downtown Rio. But I've slept in too many hotel beds, so I think I'll change my job soon. I'm always going to be a pilot, but in the future, I'll work on shorter flights instead.
