

LISTENING PART 4

09 You will hear five short extracts in which people talk about changes they have made to benefit the environment.

TASK ONE

For questions 1–5, choose from the list (A–H) each speaker's main reason for becoming more environmentally friendly.

- A** to improve physical well-being
- B** to meet a long-term ethical objective
- C** to encourage others to act in a similar way
- D** to fulfil their new-found sense of responsibility
- E** to impress a former friend
- F** to personally object to a common practice in society
- G** to cut down on household bills
- H** to exploit a change in circumstances

Speaker 1 _____
Speaker 2 _____
Speaker 3 _____
Speaker 4 _____
Speaker 5 _____

TASK TWO

For questions 6–10, choose from the list (A–H) what each speaker has found most difficult about the decision they have made.

- A** adjusting to different seasons
- B** buying eco-friendly food
- C** being reminded of past behaviour
- D** sticking to a change in habits
- E** satisfying the wishes of loved ones
- F** coping with physical demands
- G** feeling unsupported by acquaintances
- H** balancing daily priorities
