

UNIT 8 LOOKING BACK

PRONUNCIATION

Choose the parts where assimilation occurs.

1. Have you been to the new conservation park in town?
2. Animals are brought to the park from different places.
3. My sister follows a special diet and doesn't eat red meat.
4. We got back home from a trip to the animal rescue centre.

Listen and check. Then practice saying these sentences in pairs.

VOCABULARY

Choose the correct answers to complete these sentences.

1. To **survive/rescue**, the young cubs should be released into the wild when they are aged eight to ten months.
2. Many volunteers are participating in a campaign to **conserve/degrade** the rainforests.
3. The animals looked so weak because they were kept in **captivity/extinction** for a long time.
4. Many species of animals are becoming **extinct/common** because of habitat loss.
