

SKILLS

## READING

## VI. Read the passage and choose the correct answer A, B, C, or D.

## What is Sports Tourism?

Sports tourism is travelling from one region, country, state, etc. to engage or participate in a sports-related activity. Sports tourism combines the passion for sports with the desire to experience new experiences or destinations.

While sports tourism has not always been extremely popular, it is definitely on the rise. A recent report estimates the value of the global sports tourism market was \$587.87 billion in 2022. The industry is expected to grow at a rate of 17.5% through 2030. The popularity of events like the Olympic Games, the NBA, and the FIFA World Cup have contributed to this growth. While these events have economic short-term benefits for an area, they can be a catalyst for longer-term tourism development opportunities.

In 2004, the World Tourism Organisation (WTO) and the International Olympic Committee (IOC) issued a joint statement that illustrates the strong dynamic between sports and tourism, "Tourism and sports are interrelated and complementary. Sport – as a professional, amateur or leisure activity – involves a considerable amount of travelling to play and compete in different destinations and countries. Major sporting events, such as the Olympic Games, football and rugby championships and auto racing have become **powerful tourism attractions** in themselves – making a very positive contribution to the tourism image of the host destination".

**VIII. Read the passage and tick T (true) or F (false).**

Ecotourism is tourism that aims to preserve nature while providing economic benefits and maintaining the cultural integrity of the local community. Besides having fun, travellers can also help preserve nature, and help the local community's economy.

Below are three top ecotourism destinations in the world.

**1. The Komodo National Park in East Nusa Tenggara**

Travellers can experience a memorable holiday exploring the Komodo National Park in East Nusa Tenggara, Indonesia. This national park consists of three large islands: Komodo, Rinca, and Padar. Apart from being a habitat for Komodo dragons, the park is also home to hundreds of other species of land animals.

**2. Serengeti National Park, Tanzania**

The Serengeti National Park is located in the Serengeti Plain, northern Tanzania. This national park is near the Ngorongoro Conservation Area. We can see herds of zebras, gazelles, lions, and other African endangered wild animals in this national park, which has been a UNESCO World Heritage Site since 1981.

**3. Great Barrier Reef, Australia**

Australia is also well-known for its eco-tourism and is on many people's bucket lists. The Great Barrier Reef is a must-see destination, with a 2,300-kilometre-long coastline in northern Queensland, Australia. It is the world's most extensive coral reef system, containing over 2,900 individual coral reefs and more than 150 species of underwater animals.
