### Ali and the magic carpet

One very hot day Ali found a carpet in his uncle's shop. Suddenly the carpet jumped! It moved and flew off into the air. 'Hey! What's happening?' - said Ali. A loud booming voice came from the carpet. 'Welcome, O master. I am a magic carpet.' First, they flew high up into the sky and then they landed in a jungle. It was hot and wet and it was raining. 'It's raining! Yuck!' - said Ali. Next, they flew to the desert. It was very, very hot and dry. After that, they flew to the South Pole. There was lots of ice and snow. 'Where are we now? I can't see!' -asked Ali, 'In the mountains. Can you see me?' 'It's very foggy.'-said the carpet. Then they flew to an island in the sea. Before that, they crossed a forest. Finally, they flew back home. The carpet landed in the shop and Ali got off. 'Wow! What an adventure!'
