Dear Doctor,

When I drink and eat, it really hurts to swallow and my neck hurts too.

What should I do?

1

Dear Doctor,

I feel terrible! I have a cough, a blocked nose and a headache. I don't want to eat anything and I have no energy. I get hot and then cold and then hot again and my body hurts.

What should I do?

2

Dear Doctor,

Before I went to school this morning I looked in the mirror and I had red spots all over my arms, stomach and face. They are very itchy!

What should I do?
