Unit 5 Personal Life

Conversation Vocabulary

Lucas: I wonder what we'll do in the future.

Anna: After I graduate from high school, I'm going to go off to college. I'll probly miss my family, but I think it'll be fun to live in a dorm. I want to get a part-time job and help pay for my tuition. I might get a scholarship if I'm lucky.

Lucas: You probably will. You've got straight As. I want to concentrate on my career. I'd like a job that I can enjoy and that is challenging. I'll probably get my degree in engineering and then apply for the space program. Hey, I might be the first person on Mars.

Anna: Yeah, your head is always up in the clouds.
