☐ Insect ☐ Amphibian

Physical features: _____

Habitat: _____

Diet: _____

Interesting fact: _____

Name _____

Reading for details

Gorillas

Details are parts of a story. Details help you understand what the story is about.

Gorillas are the largest apes. They live in the rain forests of Africa. Every morning, they wake up and eat a breakfast of leaves, fruit, and bark. During most of the day, the adult gorillas take naps. Meanwhile, young gorillas play. They wrestle and chase each other. They swing on vines. When the adults wake up, everyone eats again. When there is danger, gorillas stand up on their hind legs, scream, and beat their chests. Every night before it gets dark, the gorillas build a new nest to sleep in. They break off leafy branches to make their beds, either on the ground or in the trees. Baby gorillas snuggle up to their mothers to sleep.

Find the answers to the puzzle in the story. Write the answers in the squares with the matching numbers.

Across

1. During the day, adult gorillas _____.
3. Gorillas eat leaves, bark, and _____.
5. The largest apes are _____.
7. In danger, gorillas beat their _____.
8. Young gorillas swing on _____.

Down

2. The continent where gorillas live is _____.
4. When young gorillas play, they _____ and chase each other.
6. Baby gorillas snuggle up to their mothers to _____.

On another sheet of paper, write two things gorillas do that people also do.
