

A Million Dreams

I close my and I can see
The world that's waiting up for me
That I my own

Through the dark, through the door
Through no one's been before
But it feels like home

They can say, they can say it all sounds crazy
They can say, they can say I've my mind
I don't care, I don't care, so call me crazy
We can live in a that we design

Cause every night I in bed
The brightest colours fill my head
A million dreams are me awake

I think of what the world could be
A of the one I see
A million dreams is all it's gonna take
Oh a million dreams for the world we're gonna make

There's a house we can
Every room inside is filled
With things from far away

The special things I compile
Each one there to you smile
On a rainy day

They can say, they can say it all sounds crazy
They can say, they can say I've my mind
I don't care, I don't care, so call me crazy
We can live in a that we design

Every night I in bed
The brightest colours fill my head
A million dreams are me awake

I think of what the world could be
A of the one I see
A million dreams is all it's gonna take
Oh a million dreams for the world we're gonna make

However, however
Let me be part of it all
Share your dreams with me

You may be, you may be
But say that you'll bring me along
To the world you see

To the world I my eyes to see
I my eyes to see

Every night I in bed
The brightest colours fill my head
A million dreams are me awake
A million dreams, a million dreams
I think of what the world could be
A of the one I see
A million dreams is all it's gonna take
A million dreams for the world we're gonna make
For the world we're make

live
your
dream.
