The Enchanted Forest

There is a magical forest hidden deep beneath the mountains, covered in mist and mystery. The vivid emerald green leaves of tall, old trees with tangled roots extend high toward the sky. Every step is cushioned by the thick, smooth grass covering the forest floor. Colorful wildflowers, with their petals shimmering by morning dew, are strewn all over the branches. The soft sound of distant waterfalls and the lovely aroma of trees fills the air.

As you continue further into the forest, spotted shadows appear on the ground as sunlight peeks through the thick canopy. A symphony of nature is created around you by the sound of leaves rustling and birds singing. Perhaps you will see a family of deer feeding quietly in the distance, or you will see a rabbit dashing into the undergrowth.

A small lake with a flawless, glass-like surface is found in the center of the forest. Fish with tiny bodies swim beneath the surface, their scales shimmering in the sunlight. The lake is surrounded by a ring of stones, and in the middle of the lake is a big, flat rock that's the ideal place to relax and enjoy the peaceful beauty of the forest.

According to legend, this forest is home to with mysterious ghosts that keep watch over its mysteries and shield anybody who enters. As if the forest itself has whispered its age-old secrets into their souls, visitors frequently depart feeling amazed and filled with peace.
