

**Listen to the song and fill in the blanks...**

Waiting to time, will I be better or fall?

Play a lovely melody or nothing at (1) .....

(2) ..... my pride when there's else nothing to hide

Let me just waking up together with you

Thinking of fantasy when there's no more privacy

Faking a smile, there's no (3) .....to cry

It's breaking my mind to see the (4) .....is a lie

(5) ..... just waking up together with you

There's no logic in life

But, darling, love is (6) .....

Tell me the (7)..... then I'll try to (8).....

Power and politics (9)..... time to (10) .....

It's breaking my mind to see the (11)..... is a lie

Let me just waking up together with you

There's no (12)..... in life

But, darling, love is understandable

I'm not just a (13) ....., it is just my agony

The (14)..... in my hand, I have to (15)..... it all

It's (16).....my eyes to see what's (18).....

Let me just waking up together with you
