Opinions

An opinion is the way you feel or think about something. Our opinion about something or someone is based on our perspective. Whenever we give or express our opinion, it is important to give reasoning or an example to support our opinion.

Some Opinions:

I like Harry Potter movies because the magic seems so real.

I don't agree with you. Harry Potter movies are just overrated.

I like playing tag because it is so much fun.

I don't like playing tag because people end up fighting.

In my opinion, the government should provide means of sustenance for under privileged people instead of building tall towers.

I agree with what you are saying but have you ever thought that building tall towers provides work for unemployed people?

Agreeing with an Opinion

These are some of the expressions used to express agreement with an opinion.

Disagreeing with an opinion

These are the expressions used to express disagreement with an opinion.

Examples of how to agree and disagree with an opinion

Bullying is so prevalent in most schools.	I couldn't agree more with you.	I think it would be wrong to generalize.
Women should not work.	I think so too. Women should stay at home and take care of their children.	I am afraid I have to disagree with you on this.
Harry Potter series is much better than Twilight series.	Yes, I agree. Harry Potter series has a much better and well-developed story line.	It's not justified to say because both have different plots.
Online gaming should be banned.	Absolutely right. It should be as it distracts students from studying.	I don't agree with you. It is a venue for students to develop their skills.
