End of Beginning - Joe Keery - Elementary

Just one more tear/water to cry
One teardrop from my face/eye
You better/worse save it for
The middle/end of the night
When/While things aren't black and white
Enter, Troubadour
"Remember twenty-four/twenty-two?"

And when I'm _____ in Chicago, I feel it
_____ version of me, I was in it
I wave _____ to the end of beginning

This song has/have started now
And you're already/just finding out
Now isn't that a laugh/hug?
A major feeling/sacrifice
But clueless at the time/hour
Enter, Caroline
"Just trust me, you'll be good/fine"

And when I'm back in_____ , I feel it
Another version of me, I _____ in it
I wave goodbye to the end of _____
(Goodbye, goodbye, goodbye, goodbye)

You _____ the man out of the city, not the city out the man
You take the man out of the city, not the city out the _____
You take the man out of the city, not the _____ out the man
You _____ the man out of the

And _____ I'm back in Chicago, I feel it
Another _____ of me, I was in it
Oh, I _____ goodbye to the end of beginning
(Goodbye, goodbye)
