A TO Z

In this game there is a wheel with 25 letters of the alphabet (not including 'X'). The aim of the game is to complete the alphabet wheel by saying the correct word for each letter in five minutes. The presenter gives the contestant definitions for words starting with the letters, for example, 'A – the place where you catch a plane' = 'Airport'.

To start the game the presenter reads a definition for a word which begins with A and the contestant has to quickly say the word. If the contestant can't think of the word, he or she says 'Pass'. When a contestant passes or gets a word wrong, the presenter goes on to the next letter.

The presenter continues round the wheel to Z, then starts from the beginning again. The presenter repeats the definitions that the contestant passed on or got wrong, until five minutes is up. If a contestant gets all 25 words right, he or she wins the prize.
