

## UNIT 8 : Will Power

Class : V  
UNIT : 8

Name :

Medium : All Media  
Subject : English  
Worksheet No.:

### I. Read the following passage.

#### Will Power

At the age of 17, Stephen started noticing that he was becoming increasingly clumsy and even fell down a couple of times, for no reason. Shortly after his 21<sup>st</sup> birthday, he was taken to hospital and made to undergo a number of tests. He was shocked, when he realized he had an incurable disease, a type of sclerosis, which weakened his muscles. The physicians predicted an early death for him.
