Reading

On today's blog, we learn about Adrian More – a teenage artist, football player and actor!

A

Adrian is Canadian and he's 16 years old. He makes YouTube videos – *Drawing with Adrian* – about how to draw well. The videos are for teenagers, but lots of different people watch them and send him messages every day.

B

He joins online courses to learn lots of good ideas and his friends teach him things, too. He doesn't do special classes at an art school.

C

He works hard at school every day and does his homework in the evening. Then he prepares his videos. He makes and uploads them at the weekend.

D

Yes, he does! He loves acting and football. Acting teaches him how to work with other people. He also learns that it isn't always possible to finish first. This helps with difficult days at school or when his art videos aren't perfect.

E

He wants to be a famous football player or an artist one day. He loves acting, but football and drawing are his favourite hobbies. He's very good at both, so that's his plan for the future!

F

No, he doesn't! He loves his life, but he's usually very busy. On school days, he likes to play online games sometimes. He meets up with friends at the weekend and they go to a café or to the cinema.
