"Tell us about your plans for future. Explain why these plans are important to you."

Travelling

After school, I want to travel. I want to visit different countries and learn about new cultures. Travelling is important because it opens my mind. I can meet new people, see beautiful places, and try different foods. I think it will help me learn more about the world. These experiences are important for my future because they will help me understand more about life. Traveling is a dream, and I want to make it come true.
