

"Tell us about your plans for future. Explain why these plans are important to you."

Business

I want to start my own business. I want to be my own boss. I plan to open a small store or café. This is important to me because I love the idea of creating something new. I want to work hard and make my business grow. It will help me become successful and independent. I like the idea of making my own decisions and helping people with my products. This plan is important for my future because it gives me freedom and success.
