

NEW IN TOWN

1. Look at the map above. Let's help Linda find the museum.
2. After that, work in pairs and role play the dialogue below.

Local Resident: Of course! The City Art Museum is a great place to visit. You're not too far from it.

Tourist: Awesome! Could you tell me how to get there?

Local Resident: Sure. First, head down this street, and you'll come to a large intersection. You should see a big green park on your left.

Tourist: Got it. So, I turn left at the park?

Local Resident: No, actually, you should keep going straight through the intersection. The park will be on your left, but you'll continue straight for about two more blocks.

Tourist: Okay, and what then?

Local Resident: After those two blocks, you'll reach another intersection with a coffee shop on the corner. Turn right there. The museum is about halfway down that street, on your left. It's a large building with a lot of windows.

Tourist: Great! Is there anything else I should look out for?

Local Resident: Just look out for a blue banner with the museum's name on it—it should be hard to miss. And if you need any more help, don't hesitate to ask.

Tourist: Thanks a lot! I really appreciate it.

Local Resident: You're welcome! Enjoy your visit to the museum.
