

"Tell us what things you do every day of the week. Tell us what you like to do at the weekend."

Every Day

Every day, I wake up early in the morning. I brush my teeth and have breakfast. Then, I go to school. At school, I study different subjects like maths, science, and history. I also play with my friends during recess.

After school, I do my homework. I also help my parents with chores around the house. In the evening, I have dinner with my family. We talk about our day and share stories. Before bed, I read a book or watch a little TV.

At the Weekend

At the weekend, I like to relax and have fun. I sleep a little longer in the morning. I enjoy playing outside with my friends. We play soccer, ride bikes, or go to the park.

I also like to spend time with my family. We might go to the movies, visit a museum, or have a picnic. Sometimes, we stay home and play board games or cook a special meal together.

The weekend is special because it is a time to rest and enjoy. It is a time to do the things I love.
