

Colegio Pequeños Bilingües

First Term

Teacher: Lic. Claudia Esperanza Pabón Suárez

Grade: TERCERO PRIMARY

Topic: PROPERTIES OF MATTER

POP QUIZ

Name: _____

1. The general properties of matter are:

- a. Extension, inertia, impenetrability, porosity.
- b. Malleability, porosity, inertia, extension.
- c. Extension, hardness, porosity, inertia.

2. Only choose the specific properties of matter.

Extension

Hardness

inertia

porosity

Ductility

Tenacity

Malleability

impenetrability

3. Complete the following definitions.

a. A _____ It is the smallest part of a body.

b. A _____ It is a limited portion of matter.

c. A _____ It is the smallest particle obtained by chemical means.

d. An _____ It is the smallest particle obtained by physical means.
