4 ★★ **(Circle) the options that are true for you.**

1 My family is *big* / *small*.

2 My favourite time of day is the *morning* / *evening*.

3 My neighbours *are* / *aren't* at my birthday parties.

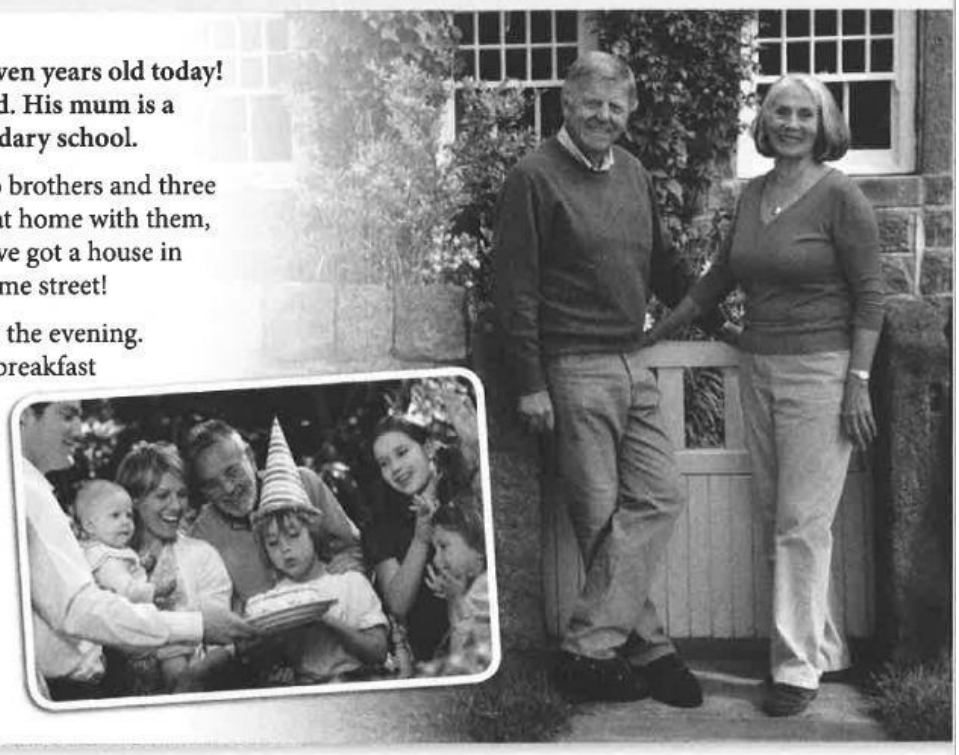

Tom is from Durham in England. He's seven years old today! His parents' names are Helen and Richard. His mum is a dentist and his dad is a teacher at a secondary school.

Tom's family isn't very typical. He's got two brothers and three sisters, and his grandma and grandad are at home with them, too. Tom's aunt, uncle and four cousins have got a house in front of his. The whole family are in the same street!

Tom's favourite times are the morning and the evening. That's when his family are all together for breakfast and dinner – there are ten people around the table!

Birthdays in Tom's family are fun, too. They've got a birthday party every month! Today, everyone is at Tom's party: his family, his friends and his neighbours.

Is Tom happy in his big family? Yes, he's got good friends at school, and lots of brothers, sisters and cousins at home!
