Year 1 Semester 1 English Reading Assessment

Read the passage below, 'Sam's Fish' and answer the questions.

Sam's Fish

For Sam's seventh birthday, his mum took him to the pet shop. Sam picked out a red and yellow fish from a colourful fish tank. Sam named his pet fish Bobby. The next day, Bobby looked sick. Sam was worried. He went back to the pet shop. Sam bought some colourful plants. When he got home, he put the plants in Bobby's tank. The tank looked like Bobby's old home at the pet shop. The colourful plants made Bobby swim happily around his new tank.

- bigger tank
- other fish
- colourful plants
-

5. True or False: Sam took good care of his fish.

- True
- False

Advice From a Dentist

It is so very important to take perfect care of your teeth and gums. Strong and healthy teeth will help you to chew and eat the right foods that will help you to grow big and strong. After you eat, germs can stick to your teeth and make something called plaque. Plaque can cause holes to form in your teeth if it is not brushed away regularly. Plaque can also make your gums red and sore. If your gums are not healthy, your teeth may start to wobble or fall out. Make sure you brush your teeth at least twice a day to keep your mouth clean and fresh.
