WHO IS WHO?

Viste que quando juntamos um 's estamos a usar o caso possessivo (é como se estivessemos a ler "ao contrário"):

father's brother = irmão **do** pai / sister's brother = irmão **da** irmã

Sabendo que SON significa filho e DAUGHTER significa filha será que consegues completar com o grau de parentesco correto e descobrir WHO IS WHO (quem é quem?)

Let's all climb the family tree,

See who is you and who is me.

Your father's brother is your

Your mother's sister is your

Your father's daughter is your

Your mother's son is your

Your mother's father is your

Your father's mother is your

If you are a girl, you are your sister's

But if you are a boy, you are your sister's

Boy are girl there is no difference

Because your uncle's child* is your

Big or small it is your family

And this is your family tree!

(*filho/a do teu tio)
