Hello, my name is Anna. I am twelve years old and I attend Nguyen Hue Secondary School. I enjoy school overall, but I find Fridays particularly challenging. On Fridays, I have Science, which I think is quite boring. I also attend Math and Literature classes on that day.

On Mondays, I look forward to English and Physical Education (PE). These are my favorite subjects because they are engaging and fun. After PE, I have Music at 2:00 PM, which I absolutely love.

Tuesdays are busy for me. I have Vietnamese, Math, and History classes. I appreciate History because it helps me understand our culture better. On Thursdays, I have IT and Geography. I find Geography fascinating, especially learning about different countries. My schedule is full, but I enjoy all the subjects I study.
