| ___ 8. mentors         | h. goal                                      |
| ___ 9. inspiration     | i. did not happen the way it was supposed to |

## B Collocations

When **words** are **used together regularly**, they become a pair and are called **collocations**. The word pairing is not for grammatical reasons, but because of the association with each other. For example, we say "fast food" but "a quick meal."

Complete each sentence with the word that makes a collocation with the word in bold. Go back to the reading to check if necessary.
