Spring

My favorite season is spring. I like spring because the weather gets warmer, and everything starts to grow. The flowers bloom, and the trees become green again. I enjoy walking outside and seeing all the pretty flowers. The air smells fresh, and the birds sing. It makes me feel happy.

In spring, I like to spend more time outside because it is not too hot or too cold. I enjoy playing with my friends in the park or going on picnics. Spring is also the time when I can plant flowers or help in the garden. It is a season of new beginnings, and I feel full of energy. That is why I like spring the best.
