### Fulton Stainless steel Products

Fulton Stainless steel Products is a large-scale manufacturer making stainless steel industrial kitchen appliances in factories in Germany and France. The company's products are trusted by chefs and bakers around the world to be durable, long-lasting, and of superb quality. The company produces kitchen stoves, ovens, microwaves, refrigerators, food processors, electric kettles, coffee makers, and other products.

After acquiring the Visor Home Products Company in a deal last month, the company expected its overall profits to increase 20% compared to the last fiscal year. As a result, to meet increased demand, the company will employ more than 300 full-time workers in our six factories and offer good pay with an excellent benefits package. The company considers all of its employees valuable members of the Fulton family. Additionally, the company continues to research and develop new products to satisfy its customers and compete with other companies.

Subject: Group Visit

Dear Mr. Smith,

Hello, my name is Jared Tate and I am a professor in the History Department at Clark University in downtown Maryville.

I am teaching an introductory history course for freshmen this semester, and I thought it would be helpful to attend the event featuring Mr. Campbell. His talk is very pertinent to the subjects we are currently covering in class.

I was also wondering if it would be possible to arrange a question-and-answer session between Mr. Campbell and my group of about 50 students. Please tell him that we are looking forward to seeing him.

I appreciate your reading my e-mail and I hope to hear back from you soon.

Jared Tate

Order #3397

Hello,

Thanks for sending my order #3397—it arrived this morning. Unfortunately, the paint was not the one I had asked for. I had selected color SP 944 but received SP 945 (Ocean Waves). They appear right next to each other on your Web site, so the two may have been confused at your end. Could you send me the correct paint, along with additional samples that are close in color to SP 722? That sample worked well in my house; the others looked too green on my walls.

Thank you,

Arun Phan
