

TEORÍA DEL COLOR

- Mezcla de Colores. Identifica cuales son los resultados de la mezcla de color correcta.

- Identifica cuales son los colores primarios, secundarios y terciarios.

Primarios

Three empty rectangular boxes arranged in a T-shape: two boxes side-by-side on top, and one box centered below them.

Secundarios

Three empty rectangular boxes arranged in a T-shape: two boxes side-by-side on top, and one box centered below them.

Terciarios

Three empty rectangular boxes arranged in a T-shape: two boxes side-by-side on top, and one box centered below them.

- Escribe el nombre que le corresponde a cada color.
