

There is vs There are: Reading Exercise

Hello! My name is Anna. I want to tell you about my house. My house has many rooms. First, there is the living room. It is nice, and we have a big sofa. My family watches TV there. Next, there is the kitchen. I like the kitchen because my mom makes good food. We also have a dining room. We eat there together. My bedroom is upstairs. It is a quiet place. I sleep and do my homework there. There is also a bathroom near my bedroom. In the backyard, we have a garden with flowers. There is a small porch where we sit when the weather is good.
