TEENS AND MONEY

Cathy is a reporter for a teen magazine in London. She wants to know how teens manage their money. She asked three teens how much money they have and how they spend it.

Alex says:

I spend about £10 a week. I use part of the money to pay for the bus to school. I also save money to go to the open street market* once a month. I love the street market! Sometimes I buy things I don't need, like clothes and jewelry*.

Ron says:

I spend about £30 a week. I spend money on anything that is fun – going out, watching movies or buying music CDs. I can't get a job right now because I'm studying for my school exams*.

Lisa says:

I get about £50 a month from my parents and I earn £20 a month babysitting. I spend money on clothes, concerts and sometimes food. Every month I save some money. I give it to my mum and she puts it in the bank for me.
