

Good Luck, Babe! - Chappel Roan

It's fine, it's cool
You can say that we are nothing, _____
And guess I'm the fool
With her arms out like an angel through the car sunroof
I don't wanna call it off
But you don't wanna call it love
You only wanna be the one that _____
You can kiss a hundred boys in bars
Shoot another shot, try to stop the feeling
You can say it's _____
Make a new excuse, another stupid reason
Good luck, babe (well, good luck)
Well, good luck, babe (well, good luck)
You'd have to stop the world just to stop the feeling (2x)
I'm cliché, _____?
It's a sexually explicit kind of love affair
And I cry, _____
I just need a little lovin', I just need a little air

Think I'm gonna call it off
Even if you call it love
I just wanna love someone who calls me baby

Chorus

Ooh, when you wake up next to him

With your head in your hands, you're nothing more than
his wife
And when you think about me, all of those years ago
You're standing face to face with I Told You So
You know I hate to say it, I told you so(2x)

Chorus

You'd have to stop the world just to stop the feeling(3x)
