### Text A : Skincare Routine

I recently started using a new skincare routine and I have to say, I'm (1.)\_\_\_\_\_ it so far! The products I'm using are all from the same brand and they seem to (2.)\_\_\_\_\_ really well together.

First, I use the cleansing oil to (3.)\_\_\_\_\_ my makeup. It leaves my skin feeling clean and (4.)\_\_\_\_\_, without stripping it of its natural oils.

Next, I use the facial toner. It's (5.)\_\_\_\_\_ with glycolic acid, which helps to exfoliate and brighten my skin.

Then, I apply the face serum. It's lightweight and easily absorbed, and it has really helped to (6.)\_\_\_\_\_ the overall texture and tone of my skin.

Finally, I finish off with the facial moisturizer. It's rich and hydrating, but not (7.)\_\_\_\_\_, and it leaves my skin feeling plump and nourished.

Overall, I'm really impressed with this skincare line. My skin (8.)\_\_\_\_\_ and feels healthier and more radiant since I started using these products. I would definitely (9.)\_\_\_\_\_ them to others looking to improve the appearance and health of their skin.

### Text B : Sunscreen

I recently started using a new sunscreen and I have to say, I'm really (10.)\_\_\_\_\_ with it. The sunscreen I'm using is a mineral formula and it's (11.)\_\_\_\_\_ for sensitive skin, which is perfect for me as I have sensitive skin that is prone to (12.)\_\_\_\_\_.

One of the things I really (13.)\_\_\_\_\_ about this sunscreen is that it goes on smoothly and doesn't leave a white cast on my skin like some mineral sunscreens can. It also doesn't feel greasy or (14.)\_\_\_\_\_ , which is a big plus.

I also really like that the sunscreen has a high SPF of 50. It provides (15.)\_\_\_\_\_ protection against the sun's harmful UV rays, and I feel confident knowing that my skin is well-(16.)\_\_\_\_\_ when I'm out and about.

Overall, I'm really (17.)\_\_\_\_\_ with this sunscreen. It's gentle on my sensitive skin, goes on smoothly, and provides excellent protection against the sun. I would definitely recommend it to others, especially those with (18.)\_\_\_\_\_ skin.
