

I think I \_\_\_\_\_ (to be) about three or four! My dad \_\_\_\_\_ (love) photos and he \_\_\_\_\_ (have) lots of cameras. He \_\_\_\_\_ (show) me how to use them and taught me about light.

I \_\_\_\_\_ (study) painting and photography at university. I \_\_\_\_\_ (learn) lots and met really interesting artists.

When I finished university, I \_\_\_\_\_ (get) a job in a zoo and I \_\_\_\_\_ (take) lots of photos of animals! After a few years, I \_\_\_\_\_ (to be) bored and I \_\_\_\_\_ (go) travelling around the world. I \_\_\_\_\_ (visit) lots of beautiful places and \_\_\_\_\_ (take) some great photos. Now I usually take photos for travel websites and books.

My favourite place is the sea! I always feel happy there. I come from a town next to the sea and when I \_\_\_\_\_ (to be) young, I \_\_\_\_\_ (go) to the beach every day. I \_\_\_\_\_ (take) hundreds of photos of the sea and the sky.

I've \_\_\_\_\_ (get) lots of different cameras, some of them are very expensive. Sometimes I use the camera on my phone. It's good, too.
