

Answer these questions about the atom on the right.

- | | |
|----------------------------------|------------------------------------|
| 1. # of Protons & Charge _____ | 4. What's the atomic number? _____ |
| 2. # of Neutrons & Charge _____ | 5. What's the atomic mass? _____ |
| 3. # of Electrons & Charge _____ | 6. Name of atom? _____ |

Fill in the blank spaces in the table.

Element	Proton	Neutron	Atomic Mass
Hydrogen	1		1
Carbon	6	6	
Calcium		20	40
Fluorine	9		19
Potassium	19		39
Oxygen		8	16

Which subatomic particle identifies the atom? _____
