Our holiday

Dear Auntie Viv,

How are you? We talked about you yesterday, so I wanted to write you an email to tell you about our year.

Four months ago we went to Thailand on holiday. It was great. We stayed there for three weeks. Here are some photos.

In July I finished school. My grades weren't fantastic, but I'm happy with them.
I decided not to go to university.

Last month I started working at a restaurant. The best thing is that I got my first salary a few days ago!

I have to go to work now. I promise to write a longer email next time.

Jonathan
